

Alberta Schedule for Jerry Tindell Clinics, 2017

We look forward to another clinic series with Jerry Tindell of "Tindell's Horse and Mule School" of California. Jerry will once again be available to help us progress with our stock, be it horse, mule or donkey. He is one of only a handful of trainers that has the experience and passion to effectively communicate with any equine and often more importantly, their owner. Consider being a participant this year or at the very least come as an auditor! Jerry is cutting back on his work load, so one day we will not have his expertise to refer to, so let's learn from this legend while he is still willing to travel!

Due to our harsh economy, we have limited the number of clinics this year and so we expect the ones offered will fill up fairly quickly. Please confirm your spot by calling 1 877 820-2033 or go to Clinics 2017 at www.jerrytindell.com Clinics not full or close to full by MAY 15, will be in jeopardy of cancellation. Six is the min/max for Colt Starting or Driving and minimum of 8, maximum of 12 in the Ridden Clinics. *NOTE, Jerry's contact phone number may change in March, so please contact the clinic host if you have any problems registering.*

Roy and I will be travelling south at the beginning of February for a 5 -7 week vacation in California and Arizona, so even though I will have my cell phone and lap top with me I will not always have internet access so may not be as accessible as usual to answer questions during that time. If you cannot reach me, please contact another clinic host or check Jerry's website for more information.

Deposits and/or Payments remain same as last year with c.c. or using PayPal on Jerry's site. Prices are the same as they have been: \$450 US for a 3 day clinic and \$550 US for a 4 day clinic. Auditors are welcome to any clinics and pay at the door. Remember all clinics start at 9 am [to approx. 4 pm] and participants and auditors alike should be seated in the stands prior to 9 so as to take in the orientation each day which will vary. Jerry's clinics ARE NOT split into two classes so you do not have to share your day with another class. Those who have already worked with Jerry recognize his commitment to those who want to learn. It is not unusual for Jerry to hold "after hours" mini clinics on any topics that the participants request such as trimming or shoeing, worming and so on.

Here are the major clinics we are offering this year:
